ERTAN GÜÇLÜ

Software Developer

ABOUT ME

After graduation, I had the opportunity to improve my skills in the software field. I am fluent in various programming languages, technologies and frameworks, especially .Net. My professional aspiration is to become a Full Stack Developer, mastering both facets of the software world. I'm eager to connect with individuals who can help me on this journey and provide valuable insights. Due to my keen interest and passion for emerging technologies, I am constantly searching for novel and innovative solutions. At the same time, I continue to work with an open mind, research and learn with excitement.
